A FEEL IN THE CHRISTMAS AIR.
They're a kind of feel in the air to me.
When the Christmas time sets in.
That's about as much of a mystery
As ever I've run ag'in!
For instance, now while I gain in weight
And general health, I swear
They're a goodness somers I can't quite state—
A kind of feel in the air.
They're a feel in the Christmas air goes right
To the spot where a man lives at—
It gives a feller a appetite—
They ain't no doubt about that!—
And yet they're somethin'—I don't know what—
That follows me, here and there,
And haunts and worries and spurs me not—
A kind of feel in the air!
They're a feel, as I say, in the air that's just
As blame-d as I feel it—
In the same way as I feel the best
And am spryest on my feet,
They're a kind of sort of a ache
That I can't locate no-where—
Just it comes with Christmas, an' no mistake!
A kind of feel in the air.
Is it the racket the children raise?
Why no!—God bless 'em!—not
It's the eyes and cheeks all a-shine—
Like my own wif, long ago—
Is it the blast of the whistle and beat
Of the little toy drum and blare
O' the horn?—No! no!—It is just the sweet—
The sad-sweet feel in the air.
—James Whitcomb Riley.

Mr. L. A. Dillon of the Surveying Corps of the Columbus and Ohio River Railroad was on this side Thursday taking the water level of the river at the top of the grade at the foot of Market street, the Kentucky side being the best for that purpose. Mr. Dillon informed The Ledger Man that it was his opinion that the time was not far distant when the river at a point opposite the telephone towers would be spanned by a magnificent iron bridge that would serve the purpose of the Company, as well as affording a footway and wagonway for the convenience of the people of the two states.

While Christmas day was bright and pleasant, there was a void somewhere. Perhaps it was the absence of snow with the merry jingle of sleigh bells and the gladness, happy shout of the coasters on the hillside. There was not even the calling together of the Church-goer by the tuneful and pleasant sound of the Church bells. The streets were not thronged with beautifully attired women and children, and taken altogether it was not like other Christmas days to The Ledger representative. Perhaps it is the sore and yellow leaf of life with some, and the eye is dimmed to that which to the youth appears in rainbow beauty.

MISSING LINKS!

It is the things that are missing that play havoc with the prices of things that are left. Odd sizes, two or three instead of several dozen of a kind, one color where a gamut of shades reigned, a half dozen yards instead of a bolt, that is about the condition of stocks after the rush of holiday buying.

Maysville merchants report a good Christmas trade, notwithstanding the disagreeable weather. Our rural residents are finding out that right here in this city they can find as large and well selected stocks from which to make their purchases as they can in Cincinnati, and besides saving their fare the price is a shade in their favor in Maysville.

Miss Phoebe Forman of Washington arrived home Wednesday after a ten months tour of the West. During her absence she visited Salt Lake City, Yosemite Valley, San Francisco, Los Angeles and other points. While away she visited Mr. Henry Wood and Mrs. Ann Metcalfe. The latter contemplates visiting her Old Kentucky Home during the summer.

The Committee on War Claims has favorably reported to Congress a bill to pay Joseph B. McClintock of Harrison county for supplies furnished during the Civil War, and a bill paying Thomas C. Isgrigg, also of Harrison, \$150 for the loss of a horse during the War. The claim of the former has been pending in Congress for more than twenty years.

A drunken man is unsightly enough, but a drunken woman is the most disgusting and abhorrent of all sights. One of the Haley girls gave an exhibition of depravity in Third street yesterday that actually made some of the old toppers and habitués of Market street hang their heads for very shame. She was limber drunk and had to be dragged and carried home by two of her colored companions. There ought to be a workhouse for such characters and thirty days at hard labor would be the proper case for such offenses.

Policeman Senteny is somewhat of a sprinter as was fully demonstrated in his chase and capture of a Negro man who had eluded the face of young McClanahan in Second street Wednesday. When Senteny goes after a man he invariably brings him up a standing and without much ado about it either.

The Myers Stock Company is giving good satisfaction to the patrons of the Opera-house this week. The company is a well balanced one and each play is mounted with special scenery. Admission 10 cents to everybody. Tonight "The Heart of Colorado." Tickets for both performances on sale at Ray's.

MASON AT THE FAIR

How Our County Will Be Represented at Saint Louis

Mason county will claim a large share of the medals awarded Kentucky on tobacco at the World's Fair.

At the Tobacco Fair held in Maysville last February, there were some of the finest samples shown that have ever fallen under the eye of "weed" experts. Those were purchased by Mr. Dan W. Feed, and will be included in Kentucky's space for tobacco at the St. Louis Exposition.

Another interesting exhibit from Mason will be of its honey. Mr. Charles T. Biggars, the apiarist of Dover, has promised the Kentucky Exhibit Association a display of honey during the Exposition period. Mr. Biggars' bees produced about 6,000 pounds during 1903.

Mason will also be represented by its Aberdeen-Angus cattle, Mr. Otto G. Callahan of Helesa having asked the Association to reserve twelve stalls for his herd.

MORAN vs. VICROY

Opinion Rendered by the Appellate Court on This Case

The Court of Appeals recently affirmed the suit of Moran vs. Vicroy, from this county, Chief Justice Burnam handing down the following decision—

The judgment of the Court in an action for trespass, alleging that on three separate occasions the defendant had torn down the fence which plaintiff had erected on his own land, and in which the title to the land in question was put in issue by the answer of the defendant, in favor of the plaintiff, may be successfully pleaded as res adjudicata by the plaintiff in an equitable action instituted by him to enjoin the defendant from removing his fencing and from interfering with his use and occupation of the land in controversy.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; since cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CUREY & CO., Toledo, O. Sold by Druggists, 5c.

A WOMAN'S BACK

The Aches and Pains Will Disappear if the Advice of This Maysville Citizen is Followed.

A woman's back has many aches and pains. Most times 'tis the kidneys' fault. Backache is really kidney ache; That's why Doan's Kidney Pills cure it. Many Maysville women know this. Read what one has to say about it: Mrs. John E. Burns of the West End, near Pogue's, says:

"I am greatly pleased with the benefit I received from the use of Doan's Kidney Pills, which I procured at J. Jas. Wood & Son's Drug-store, corner of West Second and Market streets. Use proved them to be the best kidney remedy that I know of. I have heard a number of persons speak of the great relief obtained from the use of Doan's Kidney Pills."

"It is the law of American politics that no man can make himself a candidate for President, and no man can prevent himself from being a candidate for President."—From a statement made by the late James G. Blaine.

It will soon be time for Congress to pay \$250,000 of the people's money for \$24 worth of seeds that rarely ever grow—and produce weeds when they do.

SECRETARY ROOT has requested Brigadier General M. C. MERRIAM, retired, to inform the Department if he was quoted correctly in an alleged interview in Denver in which he was made to say that the President's appointment of LEONARD WOOD to be Major General is generally unpopular with Army men, and that such appointments tend to unsettle the Army and injure its morality. The General was asked to make such explanations as he may deem proper. If the General did say what the interview says he said, he simply told the truth; but as an Army officer he should have known that it doesn't do to tell the truth about his superiors. He must leave that for the newspapers to do.

At the recent meeting of the National Republican Committee in Washington one of the members delivered his views in this style—

"We have got to nominate ROOSEVELT whether we want to or not. The situation is just this: ROOSEVELT as President has great influence at his command which work immense advantages in an election. If we turn him down for HANNA, HAY, FAIRBANKS or any other man, he is sure to be against us in the campaign, for he would be so enraged over his defeat that his friends could not control him. It is his nature to be impetuous and aggressive, and he has never been strict and loyal to his party only when it was to his own personal interests. It is a question if he did not vote for CLEVELAND in 1884 against BLAINE, and when a member of the Civil Service Commission here later he was always attacking and ranting against Republican apollation.

"If ROOSEVELT were a big Republican with broad and liberal views like MCKINLEY was, then the result of a contest with him for the nomination would end with the action of the Convention, but with ROOSEVELT as he is, the fight would continue to the close of the polls. HANNA knows this, and has told his friends as much, and that is the chief reason for his refusal to become a candidate. HANNA does not care to make two fights against ROOSEVELT, one at the Convention and the other at the polls. So I repeat that we have got to take ROOSEVELT and make the best fight we can for his election, though the outlook is not encouraging."

Three dead bodies were found in the burning Isle Royal mine near Houghton, Michigan.

Sold by J. Jas. Wood & Son, Druggists.

If one wants to find the right sort of Kentucky Republican, just let him get off the C. and O. at Vanceburg and ask for Mayor HARVEY PARKER. He doesn't say much, but what he does in a campaign is a plenty.

AUDITOR COULTER will report to the General Assembly that if that body decides to make an appropriation for a new Capitol Building the present revenue of the state, if left unimpaired and vigorously administered, will furnish in excess of current expenses \$400,000 a year. He thinks it will require three years to complete the building and that the bill of appropriation should stipulate the setting apart of a certain sum out of each year's revenues until the purpose is accomplished. So Kentucky can have a new Capitol without increasing the taxes. Now, then, let's have it.

SPEAKING of the contest by D. C. EDWARDS for Dr. HUNTER's seat in Congress, the Washington correspondent of The Louisville Times gives the program usually followed in contests—with the "graft" that always follows as a premium to the contestant.

Dr. HUNTER will have thirty days from the time the notice of contest was filed in which to prepare an answer to the contestant's charges. The law then allows ninety days for the taking of testimony, forty days each for the contestant and contestee, and ten days for rebuttal testimony.

The testimony is turned over to the Clerk of the House, and the consideration of the case is then taken up by one of the three Committees on Contested Elections, the Committee to which the case is assigned being designated by the Speaker of the House.

Both the contestant and the contestee, or their attorneys, have a right to be heard before the Committee. When a report is made to the House the contestant can have the privilege of the floor to present his reasons why he should be seated. The contestee is entitled to the same right.

The Government allows the contestant \$2,000 to pay the expenses of his contest—whether he be seated or not. If he is seated he not only gets the \$2,000, but back salary at the rate of \$5,000 a year from the time the contestee took his seat.

The contestee draws his salary regularly from the time he takes his seat until the day he is unseated by the House. Consequently, Mr. EDWARDS is certain of \$2,000 if he loses, and Dr. HUNTER is certain of his salary up until the day he is unseated, if he should be unseated.

However the chances are all in favor of Dr. HUNTER retaining his seat.

A Timely Suggestion.
This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by J. Jas. Wood & Son.

Utter destruction met the Duquesne Flyer on the Baltimore and Ohio Railroad eight miles west of Connellsville, Pa., Wednesday night, and from reports of the wreck, it is one of the worst in the history of railroad catastrophes, approaching even the famous Ashtabula disaster. The number of dead is fixed at 73, with the prospect of ten more being added, and the injured at 45. The disaster occurred in a desolate, lonely region where the tracks wind about the banks of the Youghiogheny river at the bottom of the mountains. The train was the finest on the Baltimore and Ohio system. Its huge locomotive was all twisted and distorted, and some of the cars were sent rolling and tottering down a steep and long embankment to the rocky bed of the mountain river.

It is rank foolishness to attempt to remove saltness or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New trial size bottle, 25c; regular size, 75c. At all druggists.

Good for Children.
The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and LaGrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. Dr. Armstrong of Delta, Tex., prescribes it daily and says there is no better cough remedy made. Sold by J. Jas. Wood & Son, Druggists.

You Can Be Cured.

No. 11 Cedar Terrace,
Hot Springs, Ark., April 24, 1903.

When I was first married I found that my strength and health were gradually diminishing. I became nervous and irritable, and was in bed a week and sometimes ten days of every month, and had intense bearing down pains. My husband had the best physician for me and I used his medicine for nearly four months, but I gradually grew worse, had less strength, and finally, I was unable to leave my bed at all.

A friend who was calling on me brought me a bottle of Wine of Cardui and was so loud in its praise that I told her that I would take it to please her. I was surprised and pleased that before I had used the bottle I really felt better, so I kept on using it. Eight bottles brought back my lost health and strength, and I have not had a sick day in six months.

Elta Finnegan
TAMMERS, ST. ANDREWS' SOCIETY.

WINE of CARDUI

Mrs. Finnegan had little hope of relief because she knew that every time she had those spells of menstrual suffering with attendant bearing down pains she was weaker. And every month the pain was growing more severe.

But Mrs. Finnegan was cured by Wine of Cardui. She is now so well that there are few women who would not be glad to have the health she has. And any woman who has those dreaded bearing down pains can have the same relief.

You can be free from menstrual irregularities if you take this pure vegetable wine. Why don't you take it when you see what it has done for others? Secure a bottle of Wine of Cardui today. Your druggist has \$1.00 bottles.

Rheumatism Cured.

Mr. Michael Doran, Youngstown, Ohio, says: "I suffered for a long time with acute Rheumatism in my knee. I tried all kinds of remedies, including an expensive course of electric treatment, all in vain. At the suggestion of my druggist I took a bottle of Paracamp. The effect of its use was magical. I got relief at once and after using three or four bottles believe I am permanently cured. It is a wonderful remedy, and upon my advice a number of my friends have tried Paracamp, and the verdict is unanimous that it is all it is claimed to be. I come of my own accord with this statement because Paracamp is a blessing."

Paracamp.

Relieves Instantly Rheumatism, Sore Muscles, Sore Feet and Sore Joints.

Because when applied it opens the pores, allowing the camphor and healing oils to penetrate directly to the seat of the pain and draw out all fever, soreness and inflammation by causing copious sweating. Every bottle is guaranteed to give satisfaction or money refunded. Don't ruin your nervous system with strong internal

HANDICAPPED.

The man who started to run a race in chains and fetters would be visibly handicapped. No one would expect him to succeed. The man who runs the race of life with his digestive and nutritive organs as diseased is equally handicapped. In the one case his strength is over-weighted, in the other it is under-weighted. Success demands above all else a sound stomach.

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. When this is done food is perfectly digested and assimilated and the body receives strength in the only way in which strength can be given—by the nutrition derived from digested and assimilated food.

"The praise I would like to give your 'Golden Medical Discovery' I cannot utter in words or describe with pen," writes James R. Ambrose, Esq., of 1225 1/2 Millin Street, Huntington, Pa. "I was taken with what our physicians here said was indigestion. I doctored with the best around here and found no relief. I wrote to you and you sent me a question blank to fill out, and I did so, and you then advised me to use Dr. Pierce's Golden Medical Discovery. I took three bottles and I felt so good that I stopped, being cured. I have no symptoms of gastric trouble or indigestion now."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good."

Dr. Pierce's Common Sense Medical Adviser, sent free on receipt of stamps to cover expense of mailing only. Twenty-one one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

As You Like It

That is about the way The Mutual Life Insurance Company of New York issues policies in these days of varied requirements in business and family life.

The postscript to a letter written by Mr. Elbe Walter, of Clarksville, Del., enforces this thought:

"The actions of the dividend \$1,000,000, making my policy \$1,000, is a total cash value of \$1,000,000, but the settlement which I have chosen seems to be the best suited to my present circumstances."

What Mr. Walter did take was a dividend check for \$196.93 on the paid-up policy of a \$1,000, which cost him all told \$448.02. He says:

"The feature which I particularly like about my policy is that the longer I live the more I get and that during the balance of my life there is nothing more for me to pay."

(From Wilmington (Del.) News, Nov. 27, 1902.)

In writing for terms for a policy of this kind, state what you would like to receive in cash at the end of limited payment period, amount you would like your beneficiary to receive in event of your death, and give your age.
